

FIND YOUR RING SIZE

TECHNIQUE 01: WITHOUT YOUR EXISTING RING

01

Take a piece of paper or string that is non-elastic.

02

Wrap the paper or string around the base of the finger for which you want the ring. it should not fit too tightly or be too loose.

03

Mark the paper or string from where it starts and ends to wrap your finger fully.

04

Measure the distance of the two marks with a ruler. that is the size of the ring you want.
